## 1502, 1525, & 1525EZRC General Security Combination Padlocks

### Product Features -

- **BlockGuard™ Anti-Shim Technology** - Unique flat latch technology that actually blocks typical shimmying tools from opening the lock—detering break-ins
- Hardened steel shackle resists cutting and prying
- Double-reinforced stainless steel case with cold-rolled steel construction shields locking mechanism from physical attack
- Thousands of possible combinations
- Dial automatically locks under shackle tension to prevent “feeling out” the combination
- Combination automatically scrambles when closed to prevent accidental opening
- Fits lockers with a padlock eye of at least 5/16” (8mm) diameter
